Creative thinkers and cooperative team players are exactly right for us. As a service and repair company, we work on board seagoing vessels for shipping companies and shipyards worldwide.

In our ambitious and friendly team, settling in is easy; new and exciting tasks await you every day. Our international focus presents many interesting challenges and, even during your training, the opportunity to gain international experience.

COME ON BOARD!

YOUR SKILLS:

- ⚓ Advanced secondary school certificate (level 1) or Abitur (university entrance qualification)
- ⚓ Written and spoken English and German skills
- ⚓ Interest in maritime shipping
- ⚓ Team spirit and reliability
- ⚓ Independent, structured working style and quick comprehension

WHAT MAKES A TRAINING WITH US INTERESTING?

We offer you a high-quality training with regular feedback, intensive supervision, and exam preparation. Independent work is very important to us, and if you are suitable, you can participate in challenging projects from an early stage and take on individual responsibility for certain areas.
